

Job Summary:

Stone Dimensions is a full-service countertop fabricator and installer serving homeowners and contractors throughout the greater Milwaukee metropolitan area. The business has grown significantly over the last 20 plus years through a commitment to quality products, excellent service, and consistent investment in our teams and the resources to help them succeed.

We offer a fun, collaborative atmosphere and a culture built on mutual respect for each other, our partners, and our customers.

Our greatest goal is to ensure our employees enjoy both their work and the environment at Stone Dimensions, and we believe our success is driven by this mission. The company also provides highly competitive wages, great benefits, and the potential of upward mobility for those who excel in their roles.

Core Duties:

- Read and understand shop drawings and job specific paperwork
- Work with schedule tracking software to know assignments and expectations for each day
- Use company software to document and track the work according to the schedule
- Use overhead cranes to load and unload stone and quartz slabs onto worktables
- Repair and fill chips and fissures with various epoxies and adhesives
- Glue on drop miters with color matching epoxies
- Work with pneumatic polishers and various tools to shape and finish stone
- Inspect and review finished countertops per shop drawings and quality standards
- Utilize tape measures to accurately measure and mark stone for any additional cutting
- Advise the team of any missing and/or defective items
- Maintain supplies, tools, and work area
- Assist the install teams as needed
- Contribute to a respectful and collaborative culture with a positive attitude and a consistent effort to build strong, genuine relationships across the company and departments

These Requirements are Crucial for Both of our Success:

- Desire to learn as we desire to instruct
- Recognition of the importance of safety
- Embrace and enjoy problem solving. Custom fabrication and the construction trades offer daily opportunities to learn, grow, and increase your knowledge and abilities.

The Right Candidate Will Exhibit and Enjoy Utilizing These Skills:

- Ability to Manage Workload and Take Ownership of Role and Assignments with Minimal Supervision
- Excellent Communicator through In Person, Phone, and Electronic Interaction
- Desire to learn from others
- Capacity to Multitask and the Flexibility to Handle a Wide Range of Duties
- Organization
- Attention to Detail
- Pride in Accomplishments
- Reliability
- Desire and Ability to Evolve the Business and Yourself
- Ambition to take on Additional Duties to Add Value where Opportunity Exists

We Provide:

- Fair, respectful treatment of all employees - You will not find a better environment to work in.
- Opportunity for growth and cross training throughout our operation – A member of our sales team is a former installer! Want to learn how to run a CNC machine? Interested in measuring and engineering? Our team's flexibility is one of our unique strengths in this industry.
- We provide better than industry standard tools necessary for your work – No need to purchase or bring your own.
